Thanks, Miri, so said. I wrote a piece to Uri's memory entitled IN MEMORIAM URI for piano 4hands that was premiered in New York in 1966 on the New York Composers' Forum at Donnell Library by Robert Miller and Nina Deutsch. WHAT i have noted was Uri's position in

International modernism and how he created the path to serialism through Hebrew, and his studies of the Cabala. Also, I have drawn attention to the influence of Sri Aurobindo in his philosophical concentration on Eastern Philosophy. All my Love, Joel Please give my Love to Phil and the entire family. I saw Alex two days ago and she is excited about returning to Israel ,even if brief. Joe you are well and enjoying a beautiful season in Israel. Sh said Danielle is quite an extraordinarily talented pianist and that you are her mentor. Wonderful !

Hi Miri, Thanks so very much for your message. In fact, all of my music is dedicated to Uri. Particularly SAVITRI: TRAVELLER OF THE WORLDS... Nominated for a Pulitzer Prize by John Guinn Music Critic of the Detroit Free Press .The piece I mentioned earlier is titled ; IN MEMORIAM URI. Since my stroke, it has been in storage with several of my earlier works . I will search for it, in order to send you a score. In fact, I sent a score to you in Israel once it was completed at the time of Uri's passing. It is a tribute to both your perseverance and Uri's genius that Uri has been selected, Composer of the Year in Israel. As I mentioned, that is great news! And I hope that it puts greater emphasis on Uri's work and highlights his profound contribution to International modernism to the evolution of music in Israel Please keep in touch. I hope IMI will do everything it can to promote the project internationally. Whatever happened to Willy Elias? With all my Love and continuing respect and admiration for all you are doing! Joel
